€650,000

 Ayia Thekla, Famagusta

This impressive villa is nestled on the southern coastline of east Cyprus, between beautiful Ayia Thekla beach and picturesque Potamos harbour. A seaside walking trail leads from the community all the way to Ayia Napa, passing Ayia Thekla, with a small grocery and restaurant, the large new marina complex, and many beaches on the way to the main tourist centre. Follow the trail the other way and walk along the harbour of Potamos where there are some of the best fish meze taverns on the island and past a nature preserve on the scenic coastline.
